Workshop Information Guide

#IAFS2020

On behalf of the Organising Committee, thank you for your interest in conducting a workshop at the upcoming IAFS 2020 Meeting held in conjunction with the 25th Symposium of the Australian & New Zealand Forensic Science Society 17-21 May 2021, International Convention Centre Sydney, Australia. We anticipate that the pre-meeting workshops will complement and enhance the scientific program, which promises to be both exciting and thought-provoking.

The Meeting theme is '*where to from here?*'. The theme asks the forensic science community to review contemporary practices and consider strategies to improve operational contributions and effectiveness in the light of both current and future challenges.

The following information package will assist you in the preparation of your workshop. As the Workshop Organiser you can decide on all aspects of its delivery including length of workshop (half day, full day, 2-day), venue and participant fees.

As the Workshops Coordinator, I will be available to assist in all facets of organisation including venue booking, audio visual requirements, delegate catering and fee collection. Please feel free to contact me if you have any questions.

Kind Regards,

Scott Chadwick
